## Photography Policy

Scottish Rowing will not be routinely taking photos at the event. Small numbers of photographs may be taken for promotional purposes, but these will only be used where individual children are not the focus of the photo, and the photo is not identifying of an individual.

## Terms of Entry

By entering the competition, a competitor agrees to be bound by the rules (see below). The Championship Organising Committee reserves the right to limit the size of entry. The decision of the judges is final, and no correspondence will be entered into.

## Rules of Racing

### General

1. Competitors may use the “drag factor” setting of their choice, but this cannot be changed during the race.
2. No pre-event qualification is required.
3. Concept 2 Indoor Rowers will be used.
4. Events will be straight finals. i.e. each competitor will only row once. Some categories will involve several races. The times from all the races for a single category will be ranked to give an overall listing.
5. Competitors may enter one individual and one team event. Competitors can “race-up” into an older age group.
6. In the event of an equipment failure and if possible within the existing race programme competitors may, at the discretion of the organisers, be given the opportunity to compete in another race and still be eligible for an event prize. Entire races will not be re-rowed in the event of an equipment failure.
7. A provisional schedule will be emailed to all competitors by Wednesday 7th November 2018. Any mistakes should be notified as soon as possible BEFORE race day.

### Categories

8. Age categories are based on a competitor’s year group at school. Schools not following the Scottish education system should contact the race organisers.
9. To maintain fair racing, girls are eligible to race in boy’s events, but not vice versa.

### Team Events

10. All team events will use a single rowing machine. Teams shall consist of 4 competitors.
11. Team members may make as many change-overs as they wish to cover the allotted distance but must always change in the same order.
12. Names of competitors for team events can be changed at registration on the day of the event.
13. The S1 team event may comprise any combination of boys and girls. I.e. single sex teams are permitted. Where appropriate the organisers may award multiple prizes in this category, for example to the fastest team comprising all girls.
