How does the league work?

Schools submit individual's scores for each round, with points being awarded to schools for participation and for top performances across the country. The schools with the most points at the end of the four rounds wins.

Participant Awards

There are Gold, Silver and Bronze awards available to those who participate in the Scottish Rowing Schools Indoor Rowing League. Individuals can earn an award for taking part in multiple rounds.

Award	Criteria
Gold	Participates in all 4 rounds of the League
Silver	Participates in 3 rounds of the League
Bronze	Participates in 2 rounds of the League

How to enter

To enter you simply need to register your school using the registration form on the Schools page on the [Scottish Rowing website](#).

The nominated contact for the school will then be sent the details of each round (including instructions for submitting results) and the league table after each round.

The Rules

Results

For each of the 3 rounds, races must be completed within the designated time frame with results sent in by 5pm on the results submission date. You will be provided with instructions on how to submit results at the beginning of each round. Results will be published after each round closes, prior to the commencement of the next round.

The final league results will be announced at the Scottish Rowing Schools Indoor Championships on Friday 17th November 2018.

Race Categories

The race categories are the same for each of the 3 school-based rounds and the final round at the Scottish Rowing Schools Indoor Championships 2018. The participant race category is determined by which school year they are in and their gender. All races are over a set time, for guidance on how to set a Concept 2 machine up to record a distance over a set time, please see the FAQ's document available for download on the Schools page on the [Scottish Rowing website](#).

Race times for each category are as follows:

S1 Boys and Girls – 2 minutes
S2 Boys and Girls – 3 minutes
S3 Boys and Girls – 4 minutes
S4 Boys and Girls – 5 minutes
S5 & S6 Boys and Girls- 6 minutes

Drag Factor:

The drag factor sets the resistance level of the rowing machine. We recommend that the drag factor on the machines should all be set to the levels stated below for young and/or inexperienced participants to protect them from lower back strain.

Female participants- 105

Male participants- 110

For guidance on how to set the drag factor, please see the FAQ's document available for download on the Schools page on the [Scottish Rowing website](#).

Best of luck!
