Notes:

1. Participation is calculated from the total number of seats raced over the weekend
2. Each crew has a performance % calculated as "Winning time in their event"/"Crew time"
3. Club performance is calculated from average crew performance over the weekend
4. Raw scores are put in rank order and then points awarded from 1 (lowest) to 20 (highest as there were 20 crews)
5. Time only and composite crews are excluded from these calculations

0 clubs this year)
